HARVEST

Yeah! W

A 'proper' adventure game with bucket loads of gore, Harvester is a very challenging game.

You wake up one morning to a town full of strangers and inexplicable sights. You share a house with your not so perfect family and your supposed fiancee lives next door.

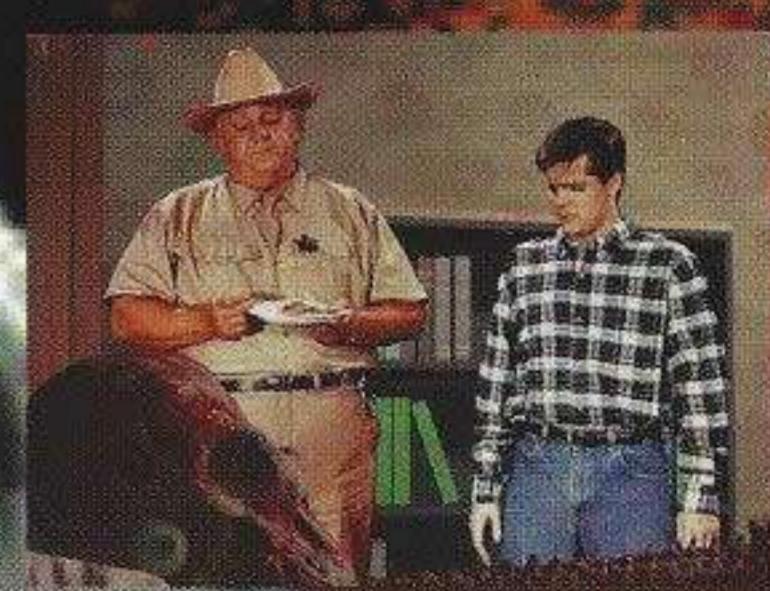

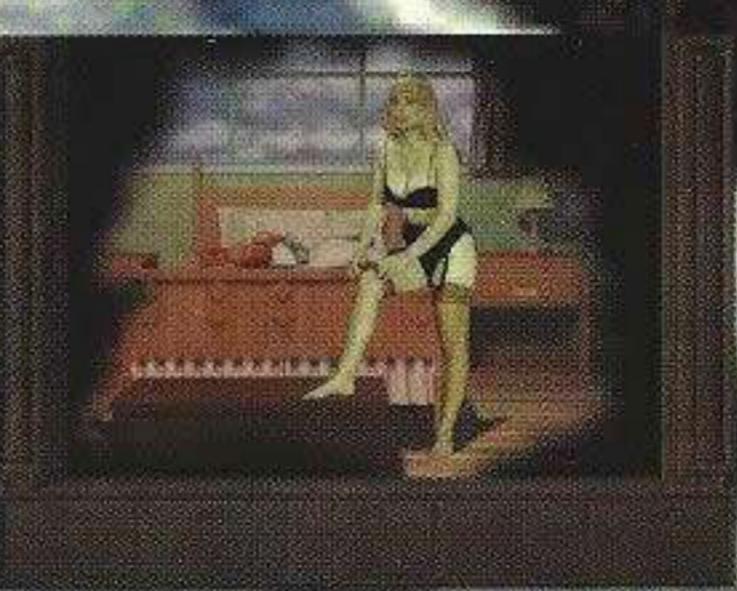

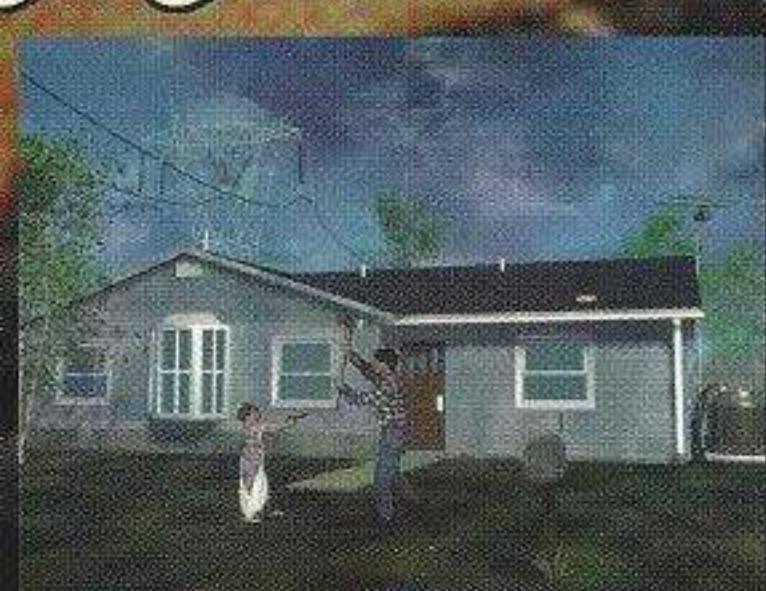

Then you are plunged into a nightmare! Your fiancee is missing and you find a hideous bloody skull and spinal cord draped across her bed! Is it hers? What is going on?

The only clue left behind is an engraved invitation for you to enter The Order of the Harvest Moon a mysterious organisation that controls the town in ways you don't (or can't) understand.

Is the Order behind this gruesome execution? What are their motives? One thing is for certain, you're going to get to the bottom of this killing or die trying!

f gore. Exchellante! • PC Zone Recommended
ing and rewarding game

Features

- Over 100 captivating 3D animated cinematic sequences.
- Super VGA graphics with crisp, digitised video characters overlaid on vivid 640 x 480 x 256 colour 3D rendered backgrounds.
- A compelling cinematic story line written by G.P. Austin, veteran games writer responsible for Privateer™ and Strike Commander™.
- Hours of interactive dialogue sequences - each including multiple dialogue paths.
- Challenging adventure roleplaying puzzles and action packed arcade style combat sequences.
